DECLARATION OF CONFORMITY WITH REACH AND ROHS

Dear customer,

ISOVOLTA GATEX GmbH herewith confirms the compliance with all federal and international standards concerning health and safety and environment protection.

According to the Regulation EU No. 1907/2006 the regulation concerns all producers, importers und operators of chemicals, which produce or import more than 1 to per year.
ISOVOLTA GATEX GmbH does not conduct business in these fields.

Our main products in form of Sheets, Tubes and Bars are classified as “finished goods” and are not subject to the obligation of registration in the meaning of REACH Directive.
Therefore no direct acting is obliged for ISOVOLTA GATEX GmbH with relation to REACH Directive.

We confirm that our delivered products don't contain any substances of very high concern (SVHC) according to Reach legislation, Directive 1907/2006 or which are restricted according to the EU Directive 2011/65/EC (RoHS 2) including its amendment 2015/863/EC (RoHS 3) or at least will not contain in amounts exceeding the maximum limit of permitted concentration.

This declaration includes the last update of REACH candidate list on 17th January 2023 where nine new substances were added.

We guarantee that we will inform our customers about all occurring deviations from this reported status of our products from now on. A precondition for this promise is the reliable disclosure of changes by our suppliers and sub-contractors.

Signed by

Andrea Dirmeier
